# FERRIN

Well, our tough U.S. Government got really rough with that Russian ballerina, Ludmilla Vlasova, the meek 36-year-old dancer who said she wanted to go home in spite of her husband's desire to stay in America. For three days we didn't let the plane take off, but finally "won" our battle and let them do it their way . . . but, we was tough [?]

For more years than we like to count, there has been talk of politicians buying votes, but we suspected the stories were bigger than the facts. Now we find folks pleading guilty in Randolph County of actually buying votes and passing out whiskey. . . both sides! We have often said and say again, that if a person will take money for their vote, they will also lie about they voted. It is not impossible to believe that voters in Randolph County took money from the two paying candidates and then voted for a third candidate (or didn't vote at all, 'cause they were drunk). Add to this the strong possibility that the person responsible for passing out the payoffs could be tempted to keep most of it himself. . . we know of a case years ago when a taxi driver was to deliver a bunch of whiskey on election eve, but got to sampling his wares, passed out and the sun woke him on the morning of election. He still had most of the whiskey and a bad

Football is upon us for sure this week with a game here Friday night. The pro teams have been playing "practice games" for weeks, and picking players they feel will do the best job. We were amazed when the Miami Dolphins cut their place kicker Yepremian for a younger, untried college graduate. Yepremian was one of our favorites and is good . . . he successfully kicked his last sixteen attempts, tying the record . . . and they want something better at Miami.

The meeting Tuesday night on the connector road from the Troy Highway to the Kinston Highway was well attended. We were pleased at the trend of the discussion with some pro and con comments on the exact location being freely discussed without anyone getting all hot and bothered over differing opinions. The whole project is down the road a ways, but at least we are moving. Let there be no doubt in the matter, ye ole editor strongly favors completion of this project and is willing to accept the expert advice of the highway department engineers. We did (and do) urge them to get out as far as is practical. That is a selfish opinion, assuming there will be growth around such a onnector road, and we just want plenty of growing room!

The sewage leak at the Enterprise courthouse made the news Foreman, Fred Kelley, left, this week, with most everyone trying to get some political mileage from deploring such things. The County Commission agreed the problem should be fixed over a year ago, but "someone" decided to WAIT! We didn't hear just why the decision was made to wait, but we strongly suspect it was some more of that political mileage planning that took place this week.

The Coffee County Commission is being pushed closer and closer to the time for decisions on the property tax. The much-discussed tax cut we voted on ourselves also told the commissioners they could go back up on the LOCAL part of the tax if they saw it was needed for our schools. Well, all the schools say they need the money badly, but the commissioners are squirming. Some of them seem to feel they would rather put on a 1-cent sales tax instead of the property tax. They admit it would bring in more than the schools need, "but we could put it other places." Ye ole editor is violently opposed to any more tax monies for the County Commission as long as it is being wasted as it is presently being done. The commissioners talk and act with good sense as individuals, but put them in a group and crazy political ideas begin to take over, resulting in waste and

MRS. BRYAN

This final week in August the week that perhaps a lot of children have wanted to postpone and a lot have wanted to hasten - is here, at last! And for this extra-special occasion, we have an extra-special per-son to visit with - Mrs. Willie

Nelson Bryan. her, "Miss" Willie is truly an extra-special person. She is a much-loved and respected lady who is well-thought-of everyone who is fortunate enough to know here. She has the enviable reputation for always being there when needed, and helping her family and fellowman. In the words of her daughter, Mrs. Elendor Galimore, who said - "Mama always put everybody else first

she believed in helping said about them? For some background information on Miss Willie - she was born January 5, 1898, the youngest of nine children born to Dan and Mary Etta Morrow Nelson. She was born in lock Community, and lived there all her life until she and Mr. Bryan moved to Elba in

Her father was a farmer: her mother died when she was Chandler, who was from the community of Burnout in Crenshaw County. He then sized 5 children by his second wife.

Views From PRESSBOX

With Ricky Mularz, Sports Editor

Well, football season is finally here and that means getting out the stadium seats and heading for the stadium. From what I've heard, all the local teams are headed for good seasons and

everybody is ready to go.

Here in Elba, the Tigers have a good shot at making a trip to
the state play-offs. We've got a lot of starters back from last year's team, and with a little luck we could just go all the way!

In New Brockton, they say the Gamecocks are close to posting a winning record. Coach Boutwell and his team have been working hard, and I expect them to surprise some folks. Up at Zion Chapel, the Rebels appear to be headed for yet another fine season. The Rebs have a big, experienced club and

look more like a 2A team. With a break or two, Zion Chapel could find themselves battling for the Class A Crown. Down the road at Kinston, the whole town is buzzing with optimism as the Bulldogs start their fifth year of football. New

Coach Rick Rainer has instilled his young team with a winning attitude, and the Dogs could bite some folks in '79. Brantley also has a new coach and I'm expecting the Bulldogs to continue rolling up wins. The "Green Machine" of Crenshaw County may not be as strong as in the past, but don't look for

The Elba Softball Classic was a huge success this year, and some of the teams that played here had good seasons. The Sub Shop Metros finished 5th in the state in Class A, while the Well's Royals finished up in third place. The Dothan Southerners had to settle for 4th in the Classic, but rolled through the State teams that made the major field at State were A & M Sales and Gulledge Wood. Teams from the classic field making it to State in Class A included Smuggler's Cove, Andalusia Merchants and Troy Linen. All totalled, at least half the teams that competed here made it to State. Not bad!

Grimes Oil went to the Class C State tournament and had a short, but enjoyable, trip. The locals suffered 2 straight losses, as did Spann Timber and the Astros, but played wll and represented Elba well. Next time, they'll be veterans and should

When you go to tomorrow night's game between Elba and Brundidge, be sure to notice the new fences. The Athletic Club spent \$4500 installing new fence, and it really looks good. Another Athletic Club accomplishment is the program. It has 76 pages of pictures and facts, as well as ads from contributing merchants. It's still only 50 cents, and it's a must for all Elb

The annual game of "Musical chairs" among coaches took place again this summer with some new participants. Let's see how it went: Brantley's Mike Sasser went to Florala; Florala's Paul Terry went to Ozark, and Ozark's Lavon Kelley went to Long High, of Skipperville. Other new coaches include: Paul Wallace at Brantley; Leavy Boutwell at New Brockton; Rick Rainer at Kinston; Bill Williamson at Highland Home; and Travis Johnson, an assistant at Goshen.

All your girl watchers are in for a real treat this season because the Elba High band has 10 majorettes. That's right - 10 majorettes! Better clean your binoculars, because that means a whole lot of zooming in.

Ye ole Polish Prognosticator got out the crystal ball Sunday night and diligently tried to tune in the opening week's games. The reception was a bit fuzzy, as is always the case early in the season, but here is what I saw . .

The Tigers are fast, but so is Brundidge. This game will be a lot closer than most peole think, but Elba should come out on Elba 20 - Brundidge 12

# Will 1979 Be The Year Of The Tiger?

'Touchdown Twins' has there been so much excitement about the Elba Tiger football program. The reason is one man Head Coach Mack Wood. Coach Wood came to Elba in once-powerful football program that had posted only one winning season in 3 long years, and what a job he has done! record of 14-6 at the Tiger helm, and last year led Elba to an impressive 8-2 slate. The Tigers won the South Alabama conference crown last season, and made nationwide news by defeating Andalusia 34-19. No wonder Wood was named SAC. Beginning his third year at the Tiger helm, he's right on schedule for taking the "Black-and-Gold" to the top of

Not since the days of the

The only thing that may stop the climb in '79 is the fact that Elba sustained very big raduation losses, including Wood, Gary Bradshaw, Greg Ellenburg and Perry Fuller Also gone is signal-caller Marty Marler, lineman Richie Brown and fullback Stewart. The quarterbacking situation isn't all that bad, with senior Alan King (6-3, 180) ready to become a starter after a year as a back-up. cocks open their 1979 football season this Friday night when they battle the Wicksburg Panthers, and the contest should prove to be a stern test for the vastly-improved Gamecocks.
Wicksburg, coached by
Tom Vickers, has 14 starters returning from last year's team that posted a 7-3-1 record, for their wide-open style of offense, and this year is expected to be their best ever! Meanwhile, the Gamecocks have been working hard as they prepare for their toughest schedule ever. Coach Leavy Boutwell put his troops through 3 weeks of 2-a-day drills, and put in a lot of overtime work on fundament-

winning team.

"We have a dedicated,
enthusiastic team," said Coach Boutwell, "and they are men-tally tough. We have a club dominated by seniors, and their leadership has been a big plus. We return 7 starters on offense, and 6 on defense, and we are optimistic about the upcoming season." The New Brockton offense

will center around their run-ning backs, led by 5-11, 175-pound Tony Medley. Medley rushed for over 900 yards last season to lead the Gamecocks. and Coach Boutwell reported the senior is a college pros-pect. There's no way to hide it. Elba's Coach Mack Wood is very worried about the Tigers' game tomorrow night against the Brundidge Bulldogs! "Brundidge is big, strong and fast," said Wood, "and they got practically their whole team back from last year. They had a real good spring, and that attitude has carried over. Brundidge is ready to play. Coach Mickey McCollough and his crew have been hard at work, and he is blessed with an outstanding quarterback and a bunch of good runners.
